

# TATHRA BEACH COUNTRY CLUB

February 2019

GOLF • TENNIS • SPORTS

## BULLDOGS TRAIN AT TATHRA

What a great day for everyone, particularly the school kids.

*Especially gratifying was the praise the Club received from the Bulldogs management on the standard of the field. Far superior to some grounds that they have trained on in Sydney.*

A very busy weekend for with the Rugby 7's also using the fields on the weekend of February 23 and 24.

*With the new fairway mower that has been purchased, the course should look even better!*

## GRANT APPLICATION

**Regrettably the Club was not successful in the Application for an Infrastructure Grant to seal the car park on the eastern side of the playing field.**

**The Club is continuing to look at options to meet Council's requirements.**

## CHINESE RESTAURANT

Having served the Club for around 7 years, Chris has decided it is time to move back to Sydney to spend more time with his family.

With Chris's help, the Club is actively looking for someone to take over the running of the Restaurant. Until someone is found, Chris will remain with the Club.

## TENNIS

With the Board's approval, the Tennis Club has been granted a D.A to erect a hitting wall on the far court (No. 6) on the playing field side.

This should be in place within the next 2 months. Hoping to build an interest in Tennis particularly among Juniors, to assist with the recovery of those after injury and encourage players to come and have a hit if they do not have a playing partner.
