

TATHRA BEACH COUNTRY CLUB

Covid-19 Clubhouse Update March 24, 2020

To our valued members and the community, we wish to advise you all the current plans in place at the Country Club.

As you would all be aware the Club was forced to close the doors at midday on Monday March 23, 2020. I would like at this time to assure you all that we are endeavouring to ensure that the Golf Course is maintained. To this end, work for this week for our 2 Green staff is as normal. Next week they will draw up a roster to work perhaps alternate days.

The Golf Course is Open as are the Tennis Courts. Golfers and Tennis players should exhibit a heightened awareness of personal hygiene and adhere to social distancing guidelines. It is always strongly suggested that the flag stick be left in, and to avoid touching the rake in the bunkers, they should be out of play.

Public health is paramount, of course, but mental health is also important. So long as the latter doesn't compromise the former, golf and tennis can still be played.

The Club itself is closed.

Under the guidelines of the restrictions the Chinese Restaurant is permitted to sell Take Away meals, and Chris has asked that the following be adhered to. **There is no access inside the Club.**

- The Restaurant will be open Thursday, Friday, Saturday and Sunday from 5pm until 8pm.
- All orders **MUST** be phoned through – 6494 5222.
- Chris will phone you and advise when your meal is ready to be picked up.
- Your order will be picked up at the side entrance to the Restaurant (on the left-hand side just before the sliding door to the club on the Golf Course Side.)
- One of the staff will bring your order to you.
- Please remember that this is **CASH** only and it is preferred that the correct money be available.

As has been said many times, these are unprecedented times and there is no certainty when the next Stage of Restrictions will be imposed and how long they may last. We have certainly been through some rough times over the past two years and we pray that everyone stays strong.
